The 2017 – 2018 Fort Wayne Photography Club Changes!

Hello members,

The Joint Executive Board meeting was held on June 8th and several decisions were made that will result in changes in the way the club operates for the 2017 / 2018 season. These changes include:

- **Revised hours for competition & critiques,**
- **5 Digital competitions and 3 Print competitions,**
- **Updates to the Constitution,**
- **Updates to the 2017 / 2018 Schedule Of Events,**
- **Selection of Category Themes.**

Revised Hours

The board decided to set competition hours from **7:00pm to 9:00pm.**

Print Competition

A survey was conducted to determine how many, if any, Print Competitions the club should have for the 2017 / 2018 season. There will be three print competitions and five digital competitions. In addition, there will no longer be Novice and Advanced sections for print competitions. So Novice and Advanced will both compete together under each theme. Club members will be able to enter up to four images for each print competition. However, you can only enter one print per category.

Print entries will be accepted 30 minutes prior to 7:00pm. Maximum size for the mat is 72 inches which is a measurement of the mat / print's height and width times two (16 inches + 20 inches times 2 (for example).

Digital Competition

Digital images will need to be submitted via email to DIGITAL@FWPHOTOCLUB.COM
No later than Tuesday at midnight before competition.

There will still be two groups, Novice and Advance. File size and marking remain the same as last year.

Schedule Of Events and Category Themes

The 2017 / 2018 Schedule of Events and Category Themes are included in later sections of this Cable Release and will be included in the monthly Cable Releases.

April 2018 Workshop

Cara Lee Wade, Associate Professor of Art and Photography at St Francis University School of Fine Art, will be presenting our next workshop entitled "Elevating the Photograph through Design Sophistication".

This is a variation on a presentation she gave last year at the National Art Education conference in New York.

If you've ever watched an Olympic athlete, ballet dancer or professional craftsperson at work, you've likely thought, "They make it look so easy." The same is true for sophisticated design: When it's done right, you don't see the time, blood, sweat and tears; only the beautiful, final product. Strong design doesn't get in the way; it distills the complex nature of the subject into something that makes sense. In this talk, we will explore ways to elevate the photograph through complex thinking in regards to image design.
